

YP SPACE OVERLAND TRACK TASMANIA PROJECT SPONSORSHIP PACKAGE

APRIL 2021

**EVERY STEP HELPS US BUILD THE
FUTURE OUR YOUNG PEOPLE
DESERVE**

ABOUT US

YP Space MNC (YPS) is a youth Specialist Homelessness Service that works with homeless & disadvantaged children/ young people (12 to 25yrs) on the lower Mid North Coast of NSW. YPS provides a range of services to children/ young people, to assist them in building a more positive future & to access the resources they require to be active & valued community members.

YPS has been working to end youth homelessness in our area for 35 years- our challenge continues.

OBJECTIVE

YP SPACE MNC, with our partners & community want to build the future of YPS's children/ young people through 'Adventure with Purpose'.

The Overland Track Project is designed to raise funds for YPS to support the re-development of a property in the Hastings, to increase the number of housing options available to local young people. This redevelopment will see housing stock increase by approximately 4-5 units in our local area. All money raised will only be used to support an increase in housing stock & will not be used for ANY element of the Overlander Track Project.

Together we can make a difference.

YOUTH HOMELESSNESS MATTERS

Youth homelessness impacts over 26,000 young people, aged between 12 to 25 years, on any given night in Australia. The main causes of child/ youth homelessness is domestic & family violence, family breakdown & child/young people abuse.

YPS works with around 300 children/ young people per year- children/ young people who are facing the challenge of surviving homelessness, dealing with their trauma & building their skills for the future. A significant barrier for young people experiencing homelessness is access to safe & affordable housing & the support to build independent living skills. YPS is there to help these children/ young people face these challenges- through a range of support types & housing options.

These children/ young people are our future and EVERY child/ young person matters!

OVERLAND COMMUNITY PROJECT

The YPS Overland Community Project is a 8 day trek with a fund raising component.

Community members sign up to complete the challenge- Getting to experience a once in a lifetime trekking adventure & raise essential funds for YPS to support our efforts to end child/ youth homelessness. The challenge is run in partnership with Huma Charity Challenges- a division of World Expeditions. It really is adventure with purpose!

Challenge Highlights include:

- 8 days exploring Tassie
- Walk Australia's famous Overland Track
- Explore deep forests, sub-alpine plateaus and spectacular highland landscapes
- End each day at scenic campsites in the remote wilderness
- Summit Tasmania's highest peak, Mt Ossa
- Enjoy close encounters with native animals, birds and endemic plants
- Enjoy delicious 3 course meals prepared by your guides in the evenings

SPONSORSHIP OPPORTUNITIES

YPS is offering Sponsorship opportunities to assist in raising the essential funds YPS requires to respond to child/ youth homelessness in our region. Sponsorship money will be used to support YPS in building vital infrastructure & developing affordable housing options for the children/ young people we support. No money raised through Sponsorship or fund raising is used to pay for any aspect of the Overland Community Project.
